

DEV SAINI

SOFTWARE DEVELOPER | PYTHON • JAVA • SOFTWARE ENGINEERING

Jaipur, Rajasthan, India | devs08107@gmail.com | +91 8764451718 | github.com/sainidev1211 | linkedin.com/in/dev-sainii | Portfolio: myportf-six.vercel.app

SUMMARY

Computer Science (AI & ML) undergraduate at Chandigarh University with broad software development experience across Python, Java, and C/C++, covering application logic, database integration, and AI feature development. Comfortable across the full development lifecycle — from scripting and backend logic to ML model integration — with a strong foundation in OOP and data structures & algorithms.

TECHNICAL SKILLS

Languages

- Python, Java
- C, C++
- JavaScript

Fundamentals

- OOP Concepts
- Data Structures & Algorithms
- MS Excel & Data Analytics

DB & Tools

- MongoDB, MySQL, RDBMS
- Git/GitHub, VS Code, Postman
- TensorFlow, OpenAI API

PROJECTS

Swasthy — AI-Powered Healthcare Ecosystem (Flagship Project) Jan 2026 – Present

- Developed the medication-safety and health-risk-prediction logic in Python as part of a full-stack healthcare platform.

Truthify — AI Fact-Checking Platform 2026

- Built the source-verification module in Python using NLP and text-similarity techniques.

Suroor — Music Streaming Platform (Spotify Clone) 2025

- Developed data-processing logic in Python to integrate a real-world Kaggle music dataset into the application.

Virtual Healthcare & Appointment Management System 2025

- Built backend scripts and data-handling logic in Python for the medical-record management module.

PATENT & RESEARCH PUBLICATION

- **Design Patent — AI-Powered Healthcare Dashboard & Monitoring System (Swasthy):** filed for the dashboard interface and interaction design, covering the medication safety alert system, family health-monitoring dashboard, and integrated medicine-reminder interface.
- **Research Publication (Springer):** “AI-Powered Medical Report Analyzer and Virtual Health Assistant” — a comprehensive research report.

EDUCATION

B.E. Computer Science (AI & Machine Learning) — Chandigarh University 2024 – 2028 | CGPA: 7.3

Senior Secondary (Class XII), Math & Science — Raj Career Inst. School 2022 – 2023

Class X, Mathematics & Science Foundation — Gautam Senior Secondary School 2020 – 2021

CERTIFICATIONS

- Python for Data Science, AI & Development — IBM
- Generative AI & AI for Business (15+ skills) — LinkedIn Learning
- Mathematics for Machine Learning — Coursera
- Prompt Engineering Specialization — Coursera (Vanderbilt University)
- Relational Database Management System (RDBMS) — IBM
- Academic Research Foundations — LinkedIn Learning
- Microsoft Certification Course — LinkedIn Learning
- **RSCIT (Rajasthan State Certificate in IT) — Govt. of Rajasthan:** covers computer fundamentals and MS Office with a strong emphasis on Excel & Data Analytics, plus internet & digital literacy.

ADDITIONAL INFORMATION

Languages: English, Hindi

Awards & Activities: Patent applicant · Published researcher (Springer) · Active GitHub contributor · Hackathon participant · Daily coding & project building
